Sennen Class Topic – What Lurks beneath our seas?

These are a selection of the children's comments about our topic this term.

Chloe Ellis - It was fascinating to know all about plastic in our outstanding seas. It was so fascinating to find out that plastic brakes down but stays there no matter what.

Freddie Challoner - I enjoyed going on the computers because I learned new facts. I really enjoyed writing about the snail and the whale.

When Delia came in and told us about the one use plastics, I was furious about it.

Grace Ellis - We made collage mackerel with coloured tissue paper. When Delia came in I loved it because we learned a lot about how plastic and helium balloons can harm sea life.

William McAtee I liked learning about the Lego being washed up.

Hana Veal - I enjoyed painting sea life for the topic. I liked doing a letter to Mc Donalds to stop using plastic. I liked learning about fish as it is interesting. Max Jacka – I liked painting rays and we made felt fish.

Elsie Sharp – I learned some very interesting facts this term, like how much plastic is dumped into the sea. I liked using the iPads to interview Zela about plastics.

Joss Fulcher- It was fun painting the fish for the wall. Jude Hoskin – I liked the sharks and the pictures of the sharks. William Green I learnt about different fishing methods with Jacob's dad.

Rohan M- Jenkin – I enjoyed painting a ling. I enjoyed writing the Penzance news about plastics.

Pixie Foskett – I enjoyed making the clay fish for Mother's day. We had an amazing time making a collage of sea animals.

Also a big thank you to Jacob's dad for coming in to talk to the class and bringing lots of goodies for us.

Saying goodbye to Miss Burman!

Sadly, we say a fond farewell to Miss Burman today as she is moving back to her home town of Birmingham. I have had many parents tell me how much they will miss her, and this echoes our thoughts exactly.

As soon as we met Rachel we knew she would be a real asset to the school and she has gone beyond all expectations. The children and staff have all loved working with her and she has brought many good ideas into the school which we shall enjoy continuing to develop over the forthcoming years. I asked a few of the children to describe her in one word and they said *Lovely, helpful, kind, amazing, motivating, incredible funny, beautiful, smart, enthusiastic and happy..... The best Teacher ever!!!*

We all wish you the very best in all that you do Rachel.....and make sure that you keep in touch!

Mathletics – 19th – 25th March

Our girls seem to dominate the top end of the Mathletics leader board again this week. Ava is number one and becomes our KS2 star and Mathlete of the Week. Well done!!

Archie becomes our R/KS1 Mathlete of the week AGAIN but climbs from last weeks 5th to this weeks 4th. Awesome job ☐

Remember that Mathletics is available 24/7 over the holidays and we'll do a combined Easter holiday leader board when we get back.

Funzone

We have been running Funzone as an after school club for the past 7 years and during this time we have never had to increase our prices. Unfortunately due to rising staff costs and other costs we are having to increase the hourly rate from £3.40 to £3.60 with affect from 1st April 2018.

Many thanks
