

## Year 6 Belated Feast Walk

On Tuesday, the children of Lamorna Class ventured out to complete a hike around the local Parish. This walk is part of a traditional route walked during the St Hilary Feast celebrations – which is on the Sunday nearest to the 13<sup>th</sup> of January each year! So, we were a little late! However, the reason for the delay is based around the weather conditions and the safety of the route, due to ground conditions (not just because I don't want to get chilly in the winter months!)

The Beating of the Bounds tradition involves members of the Parish walking the entire boundary of the Parish – which is rather a long way, so the class completed one third of this route (which, with the walk back to school, all adds up to a fairly long hike!) The route saw

the children meet at

Rosudgeon, walk to the coast via Acton Castle, then

round the coast via Cudden Point to Prussia Cove, before making their way up through the fields to return to Rosudgeon – it is a beautiful walk, which inspired gasps of amazement from the class at points!

The route also enabled the children to complete some fieldwork observations for their geography work on coasts: learning about wave-cut platforms, the formation

of headlands and bays, considering coastal erosion and identifying the features of headlands.

It could not have been a better day for the walk, the sun-shone, the cows in the field behaved beautifully as we passed through, Dawn and Ian Smith allowed us to access the traditional route through their property and we even got to witness some filming for an upcoming feature film!

"The glittering sea was spectacular!" Daisy

"The ascent back through the darkened trees was breath-taking because it allowed me to enjoy the wildlife." Cody

"Being on the beach in the sun with everybody was the best bit." Harold

"Finding a dock leaf that was so massive I could hide behind it, use it as a massive fan, and get entered into the Guinness book of world records was a real moment I'll never forget – I am amazing!" Charlie, 'the Dock-Leaf' Hunter

"I liked the rock pooling because we found lots of cool stuff!" Theo

"Seeing the seals in the clear blue sea from the cliff was a tremendous sight" Oliver

*P.S. we may have embellished one of these children's responses – can you guess which one?*

A big thank you to Annalisa's parents for their help along the way and for the beautiful photography!
